

Hello _____, My name is _____ I'd like to introduce myself and to a service that you don't offer but probably should. Adding this procedure to your current offerings could be a game changer for your clinic.

As a Med Spa owner, you know it has become a crowded space. Most spas are having to discount services to compete. I'd like to give you a quick introduction to the latest advancement in body sculpting. Fun Sculpting has taken traditional liposuction, improved it, and turned it into a safe, in-office treatment.

Performing just one procedure per week can add an additional \$250,000 per year to your spa.

[Providers Discuss Why They Purchased The Fun Sculpting Device](#)

Fun Sculpting is an FDA cleared, highly advanced body sculpting device with over 500 installations Nationwide.

Here are just a few of the benefits and differentiators.

- No BMI limitations. Treat patients of all sizes
- "One & done" procedure. No need for multiple treatments
- Low-cost disposables with no "per use" charges
- Able to perform natural fat transfers (BBLs & breast augmentations)
- Gentle in nature
- Fast recovery
- Natural skin tightening
- Top of the line training and support

I've attached some before and after pictures so you can see the amazing results from just one procedure. Please let me know when we can jump on a 15-minute discovery webinar to do a deeper dive to see how this procedure can fit into your current offerings.

Sincerely,

Rep
